

HAZEL'S ANGELS Each person trying to live like an angel, makes this world better for us all. Be an angel today and everyday, then you will always be in good company!

Hazel's Angel Project

- Be the best you can be. Look to be more like the angels. Be a source of inspiration and joy for those around you.
- This is the path Hazel takes, and she hopes you will follow.
- Show us your angelic side through a drawing, a picture, or writing the story of a kindness shared. Be willing to step up front and show us your halo!
- Children of all ages (through 21), can participate.
- Entries are to be 8 X10 inches or smaller, unless you contact the Eastern Shore Art Center in advance for hanging space permission.
- Mrs. Hazel Buck herself will choose the winners, who will receive a prize.
- Hazel is one of our art patrons who loves what children create. At a ripe young age of 93, she never tires of hearing the stories of children and how they see angels.
- Just give me a "Ha-lo!" Interested parties contact Nancy Raia @ esartcenter.com or call 928-2228
- DUE ON OR BEFORE NOV.1 . THE SOONER THE BETTER, so we can mount and prepare for the exhibit.
- Have the students write a small essay with the art, no need to be framed.
- We are hoping to put some of them up for silent auction, so please let them know this is a donation to the cause.
- CALLING ALL ANGELS! More info on the overall show available at www.MercyMedical.com
Click on the angel image.
- Thanks!
